Classmates reunite for Fairfield Relay

In an effort to make a difference, Fairfield Prep's "The Class of 1982" recently reunited to support two fellow classmates — John Flanagan (who passed away from cancer on Dec. 24) and Chad Jacobs (currently battling cancer) — along with all of the families whose lives have been impacted by the disease during last month's Fairfield Relay For Life.

The team raised more than \$26,000 for the American Cancer Society — one of the largest donations by a single team!
